Two roses are positioned in the upper right quadrant of the image. The rose on the right is larger and more open, while the one on the left is smaller and more tightly closed. They are set against a mottled, olive-green background that has a subtle, painterly texture. The lighting is soft, creating gentle shadows and highlights on the petals.

YOU HAVE WINGS

April 3, 2008

How is it that I never saw your wings
when you were here with me?
When you closed your eyes and went
to the Heavens I could hear the
faint flutter of your wings as you left.
Your body no longer on this side
your spirit here eternally I see your halo shine.

I close my eyes and see the wings
surround me in my saddest moments and my happiest
times.

Tell Your my Angel you have a new assignment now
Always my Son forever my Angel.

You fly into my dreams, and when I am asleep
I feel your wings brush against my face wiping away
the tears I shed since I can no longer hold
you in my arms but in my heart.

You're so missed .

DEAR RELL

April 3, 2008

Dear Rell,

I have been saying my prayers since July 02, 1970 . I will continue with the prayers till my time to leave this earth comes along. I will never forget that golden smile of yours . You are such a beautiful boy you have given me another reason to leave this world in peace when my time comes. You will be the first one that I will look up when I make it to heaven. Rell you have pushed my grandmoma and daddy to second and third place. Rell you will be my hero. Rell I realize that you are with the good lord. Rell I know our family in heaven watch

over you. I wish that I could had taken your place, so that you could be here with our family. Son you will be forever in my mind and heart.

CLAUDETTE

LOVE YOU

April 3, 2008

Sometimes I grieve so deeply
That I can hardly breathe
One look at your photograph
And the pain begins to ease
Sometimes I grieve so softly
That it hardly hurts at all
One look at your photograph
And the pain begins to call
No matter how I grieve for you
The one thing you'll always find
Is day or night, heavy or light
You're ALWAYS on my mind

MOMA

IMISS MY SON

April 3, 2008

*My Loving Son
Tears of pain just keep flowing like the pouring rain, you were
only seventeen,
only a young teen,
No more 'I Love You'
No phone calls, God is this all true!
No no more hugs,
No more kisses ,
My Loving Son
My broken heart will never mend
Until I meet you again!
I know you now have wings
And your Halo is made of Gold...
You are smiling and so happy*

*A smart boy who was so bold
Where you are in heaven there is no more pain
I only hope your death will not be in vain
Words cant express how much we miss you
Only our heavy heart know the truth
No goodbyes my son, wait there for me
We will rest in Gods home eternally!*

MISS MY SON

March 31, 2008

Our family say it often enough...it is impossible to believe that such a bright, happy, positive and enthusiastic person is no longer here with us. For me it seems unreal every day that I pass by your bedroom door. Going inside your little room breaks my heart and seeing your all your cars and pictures that hurt me so much I can't do anything but cry. Baby I miss my little boy so much. You were my rock my confidant you and your siblings are my world. There is not a day that goes by that I don't wake up and hope that when I go down stairs to your bedroom you would be sleeping in your bed... I know you are not body here anymore, but I still cannot accept it...I pray that all this is a nightmare, but I realize that it is not that it is too Real for me to take. I miss you so much I feel like a wounded bird without a wing. I pray every day that you never forget us

because I need you to be like you were here on earth...I love you baby I miss wrapping my arms around you and kissing you non stop. I pray you can forgive my tears, because I know you would not want any of us to cry. It is just that it is impossible to believe I can't see your face everyday except in pictures. I love you forever. My light my life my joy my world you and your sisters and brother will always be that way...pray for us and let God know that I love him and Jesus that I am glad he is protecting you. I adore you baby always, ALWAYS!!!!!!!!!!!!

How can I go on without your smiles, your love? You were my youngest son. You came to me for everything. I miss our talks, oh how I miss our talks. I remember the day I brought you home you looking up at me. The pain in my heart is so great without you here. I pray daily to God to get me through the hurt. I'm angry that could not save you that day at the beach. Your heart was so good. You saw good in everyone and just wanted to help. You'll never know the lives you touched my Rell I hear daily how many people miss you. I also hear how big a heart you had and how you helped others. Giving them your last. How did a Young Man of 17 have that big of heart? Son, I want you back with us so bad. I hope you know how much I loved and still Love you. Please watch over us show us how to live and love as you have loved. Be our angel to guide us through the pain. Never leave me. Let your spirit be our comfort. There is no way I can say good-bye and I never will. But I will say Fly my Rell Touch All Those You Couldn't Touch! Love Those Who Didn't Show YOU Love! And Forgive Those

Who Have Hurt YOU I. Pray you teach me how to do these things also. Please help me to not become bitter and to live in yours and Gods. image. Until we meet again, I Love and Miss You My Son. what dont kill you only make you stronger.

TO MY FAMILY AND FRIENDS THIS IS A POEM WAS SENT TO ME
FROM A FRIEND THAT SOUND LIKE SOMETHING RELL WOULD SAY
TO US.

When Tomorrow Starts Without Me

When tomorrow starts without me
and I'm not here to see...
If the sun should rise and find your
eyes filled with tears for me,

I wish so much you wouldn't cry
the way you did today...
While thinking of the many things
we didn't get to say.

I know how much you love me,
as much as I love you...
And each time you think of me,
I know you'll miss me, too.

But when tomorrow starts without me,
please try to understand...
That Jesus came and called my name
and took me by the hand,

And said my place was ready
in heaven far above...
And that I'd have to leave behind
all those I dearly love.

So when tomorrow starts without me,
don't think we're far apart...

For every time you think of me,
I'm right here in your heart.

We miss RELL

go Jarrell

November 22, 2007

Go now, my son, the time for you, to go
All tasks today are done.
There are others waiting there for you,
And songs yet to be sung.
Go quietly, go softly,
Leave all pain and fear behind.
Today has left a part of you
In our hearts, our souls, and minds.
I'll remember you, my dear one,
As I lay down to sleep.
I'll remember that you made me smile,
Although, it makes me weep.
As you go to face your future,

As you go to touch the sky
Know that God makes all things possible,
Angels never die.
Go now, my child, the time has come.
All worldly tasks are done.
There are others waiting there for you,
And songs yet to be sung.

Missing You

September 26, 2006

It's hard to talk yet write about my little brother. He was a loving person that could get along with anyone. He loved his family and would do anything to make sure we were happy. He loved seeing us together. He would plan cookouts at other people's homes and not tell the person about it until the family statrted showing up at their house. He was the only person that didn't have to bring anything to the cookouts.

I remember going to college and thinking that I would not be able to handle being away from my family, but my little brother made it easy. He called me almost everynight and made sure that I came home every weekend. He would even come down and stay with me at least once a year.

On the day, God took my litle brother I was filled with many emotions. At first I could not believe my eyes. I thought I was dreaming and things were not really happening. I was screaming but I couldn't here my own cries. I wanted to go and help my little brother, but I knew I didn't know how. Also, to see my aunt (confusing, his mother help raise me that's why I call him my brother) I just didn't know what to do.

After I found out the my Aunt was ok and that they still couldn't find Rell, I lost it. I was angry, confused and sad. I tried to be strong for my son, nephew, and little sister and brother. (Rell has a sister and brother) People around me we talking but all I could do was push them away and swear. I didn't know which way to go. I got through my rage once I got in touch with my family. But, that was only the beginning.

During everything I could only stay to myself and just keep quite. I am not a very emotional person and I really don't like showing my feeling. But, I was really hurting. Until, this day I have not stop thinking about my brother and the things we shared. I am often fighting with the thought that maybe I should have not been there. But, I know Rell wouldn't have had it no other way. He wanted those very close to his heart to see him off. I love him and miss him.

MY PRECIOUS SON. YOU MY YOUNGEST SON AND PRECIOUS IN MY SIGHT. YOU ARE A GOOD SON I WILL ALWAYS LOVE AND CHERISH YOU.

Did You Know

September 23, 2006

Jarrelle you took the master hand. I know you had to go. I wish I could have taken that ride for you. I wish I could of saw the sign. Rell did you know? I wonder would you have told me? Maybe I should of saw the signs. Angel did your hair on Tuesday it look so pretty you remember i told you so. I remember you was sitting in your car. That Friday July 16, 2004 and you was sitting in your car thinking when you gave up on making sure everybody going to the beach. Rell did you know? Rell I miss you so so much nobody in this world will ever know. Sometimes I wonder did you ask god to take you and don't take my moma my brother, sister, nephew, and daddy needs her. Rell did you do that? Rell I hope you didn't because I need you too. My world is not complete. Rell I will always blame myself that you are not here with us I am your mother and I always told you I would go thorough hell for you but not to jail (haha) I could not save you from that water I tried but you know that you was already in the master arms. I am so sorry nobody else did nothing to save my little boy. Maybe that was the master plan not for to save you. Jarrelle now I can't touch or fell you anymore please be strong until God come for me. I know you are doing well now. Maybe the first week you was confuse but you are fine now Jarrelle I am your moma I am going to worry about you and your siblings until I can't thank or fell for myself. I am sure you looking good in your Angel outfit. I think you look good in white. Jarrelle sometimes I worry that you are down in the wet ground. I know you are not. Just the flesh. That's when the devil get in my head. Jarrelle Please do what you are told so you can get the best of everything. Like your big wings I miss you and always will. My sweet boy.

The background is a textured, mottled olive-green or taupe color. In the upper right quadrant, there are two roses. The one on the right is larger and more open, showing its petals. The one on the left is smaller and more tightly closed. Both roses appear to be a light, dusty rose color, blending subtly with the background.

A Conversation between Jarrelle and Claudette

Claudette-Son I wish we had more time to share more birthdays and Christmas. I have in empty place in my heart. Rell I can not stare into your handsome face. There's not a morning I don't cry missing you.

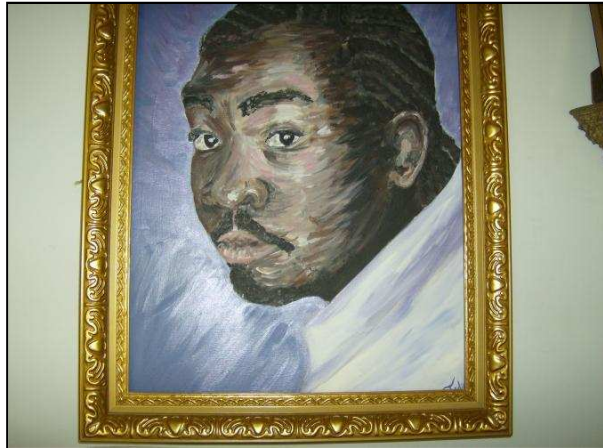

Jarrelle- Moma I have seen you shed your tears I have watched you struggles throughout the years. Don't you know I have always been there for Christmas and birthdays we did get to share? The good Lord sent me in many ways. When the alarm clock goes off or when your dolls fall. Momma in your heart you know this true.

Claudette- yes Rell I know it's true I have felt you in many ways but I still feel cheated losing you at the age 17. That's not wrong of me.

Jarrelle- Claudette Calhoun you are my momma whom I love and adore. I shall stand by your side forever. As you fight depression from taking your strength. My hands will hold you in place. All you need to do is think of that song and me the good lord place in your heart. Just as you count on your special three John, Kita, and Angel you can always close your eyes and think of me. I will come close and hold you. My sprit, my heart, my strength live on. Just as you mom I live on inside of you, smile, I love you.

Claudette- Rell I love you too son more then you love your blue car. Jarrelle I love you more.

In Loving Memory Of Our Beautiful Son

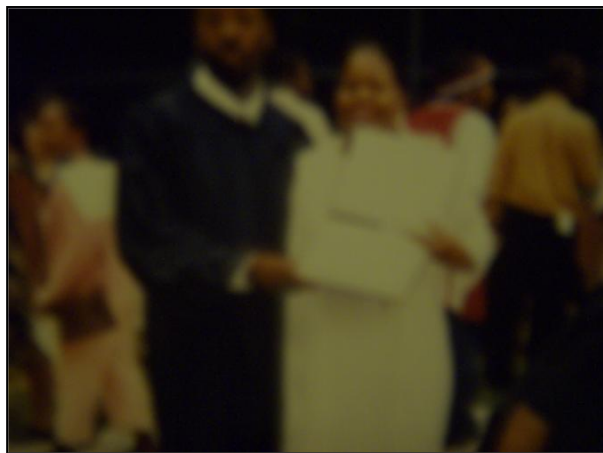

CLAUDETTE

Our family say it often enough...it is impossible to believe that such a bright, happy, positive and enthusiastic person is no longer here with us. For me it seems unreal every day that I pass by your bedroom door. Going inside your little room breaks my heart and seeing your all your cars and pictures that hurt me so much I can't do anything but cry. Baby I miss my little boy so much. You were my rock my confidant you and your siblings are my world. There is not a day that goes by that I don't wake up and hope that when I go down stairs to your bedroom you would be sleeping in your bed... I know you are not body here anymore, but I still cannot accept it...I pray that all this is a nightmare, but I realize that it is not that it is too Real for me to take. I miss you so much I feel

like a wounded bird without a wing. I pray every day that you never forget us because I need you to be like you were here on earth...I love you baby I miss wrapping my arms around you and kissing you non stop. I pray you can forgive my tears, because I know you would not want any of us to cry. It is just that it is impossible to believe I can't see your face everyday except in pictures. I love you forever. My light my life my joy my world you and your sisters and brother will always be that way...pray for us and let God know that I love him and Jesus that I am glad he is protecting you. I adore you baby always, ALWAYS!!!!!!!!!!!!

MOMA

My Loving Son

Tears of pain just keep flowing like the pouring rain, you were only seventeen,

*only a young teen,
No more 'I Love You'
No phone calls, God is this all true!
No no more hugs,
No more kisses ,
My Loving Son
My broken heart will never mend
Until I meet you again!*

*I know you now have wings
And your Halo is made of Gold...
You are smiling and so happy
A smart boy who was so bold
Where you are in heaven there is no more pain
I only hope your death will not be in vain
Words cant express how much we miss you
Only our heavy heart know the truth
No goodbyes my son, wait there for me
We will rest in Gods home eternally!*

Oh how my world
Crashed down on me
When you left my
World Dreadful night and
How my heart crashed and
Burned when I realized
That I will never

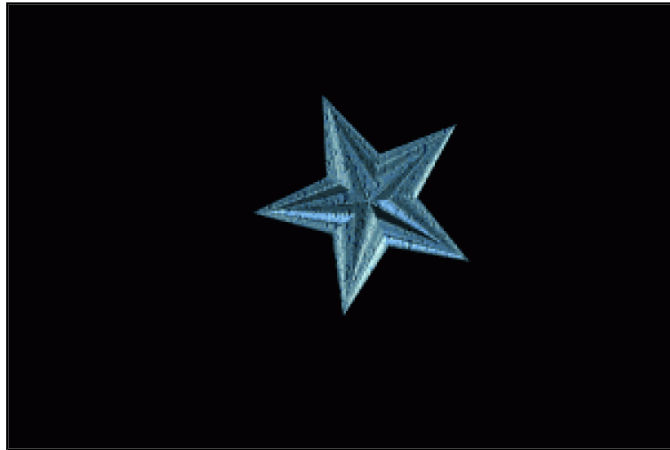

See MY baby ever again except

For when I look
At your pictures that

I have on the wall
And how my world
Crashed when I put
Flowers on your grave

To let you know
That I will never
Ever stop loving you
Or ever forget you in my heart & soul.

RELL

Jarrelle was a very fun and loving child since the day he was born. He was our life. He was always smiling and laughing and joking around. He was a joy to everyone he met and he will forever be remembered for that. He was such a loving person, he would give you the shirt off his back if you needed it. And on July 17 Th., 2004 he was taken away from us in a tragic accident at the beach. The love of

his life was his car and his family we will forever remember that day. Rell had a spirit unlike any other person you would meet. He was happy with his life, he worked hard and did the things that he needed to do while having fun. He will forever be greatly missed in this life.

CLAUDETTE

Rell I love you son and I miss you so much. It's been 3 years now since you went to Heaven and I miss you more every day. What I will give to see you one more time. To hug and kiss you and tell you again how much I love you. Rell just keep on watching for us son cause we'll be there just as soon as Jesus will let us. I'll love you forever Rell and miss you always. Love, Mama

Jarrelle

I had the honor to know Rell for all of his short 17 years on this earth. Rell was and will always be my brother from another mother. He was my Rell and I was his Big Sis!

Rell and I had a lot of good times. Just seeing him sitting outside on his porch waiting for me to arrive in Richmond, to the time we sent bringing in the new years. To most Rell was shy and quiet, but when me, Rell, Angel, Aunt Claw, John, Karey, Kay, and Que, were together during new years, oh my goodness. It's weird but one of my fondest memories of Rell was when I graduated from ODU. Rell was suppose to come to my graduation with Aunt Claw, but Aunt Claw took ill and was not able to come. When I was getting ready to graduate he called me and asked me for directions, because he had recently got his car and was going to drive down by himself. Although, I was touched by his desire to see his Big Sis graduate, I knew I couldn't let him hit the road, by himself. Rell and I stayed on the phone for about 30min, which the whole time I was trying to convince him not to try to drive to see me graduate. That day I knew my brother was hurt, but I eased his pain because I got my Uncle Billy to call him when my name was called, so that he could hear.

Jarrelle, to me was what family should be. He was so caring, loving and would do anything for his family. Jarrelle had a heart of gold. Rell would not hurt a soul, but he was a protector.

It's crazy because Rell always called you and after you answered the phone, the first thing he would say was, "What are you doing."

There are no words that could describe what I love about Rell. He was my friend, my cousin, my brother and so much more. I loved the way he would make you feel special. He called me almost everyday, just to say hello and to see how I was doing. I also loved how he would go out of his way to get his family to be together.

If I had to use one word to describe Rell, I would have to say “Loving”.

If I could have one more conversation with Rell, I first cuss him out because he knew he was suppose to be here to help me move back to Richmond. But, really I would just let him know that he is one of my heroes and that I wish I was able to love so deep like he does. I would tell him that I love him and I wish he was here to celebrate John's, Meka's and my wedding. I would let him know that his spirit was embedded into Q and K because they are so much like him. I would ask him to continue to protect our family. Lastly, I would tell him that I love him. It's crazy because although our family is so tight and we all know that we love each other, I don't think we say it enough. I really regret not telling my brother, how much I love him.

car he was so excited like a small child.

VICKIE

AMANDA

I TRULY KNEW RELL FOR ABOUT 4 YEARS, WHICH WAS ENTIRELY TO SHORT. I SAY THIS BECAUSE TO KNOW SOMEONE IS TO BE ABLE TO FEEL THEIR HURT, fears and the way they react when they're happy.

Rell was like a link to me, because as long as the family was together he was happy.

My fondest memories of Rell was the phone calls just checking up making sure everything was ok.

My favorite quote from Rell was "What you doing?"

I love Rell's shy way, but yet with his famiy it seem the Shyness just disappeared.

In my conversations with Rell I tell him I know he's hurt with the way the family is dividing, I ask him about pop and wonder if Grandma Mo is living

it up with King David. I tell him how my oldest grandson reminds me so much of him in the way he talks and carries himself, how he worry about the other children in the family if he thinks their about the wrong decision. And do you know he just raise his eyebrows and smile. I love him so much Claudette. Thank you for Lord for sharing him with the world.

I will celebrate your birth. I will celebrate my love for you and share my memories with whomever will listen to me. On the date of your death, I will silently pray for you as I always do, but I will not let this rule me. I will not think of the way you died, but the way you lived and the love that you brought me and our family. I will think of you every day and pray that God protects you as He did that day when you entered your next life. I will live my life without you, but I will have you in my heart. You are part of me as I am part of you. what don't kill you only make you stronger. **HAPPY 21 BIRTHDAY**

MOMA LOVE YOU SON

I got a new view of your memorial site. Jarrelle you are my youngest nephew and the glue of that side of the family still. I will never forget or stop carrying you in my heart. The other day while talking to your mother and watching animal planet I thought of how only you and I would be the one to appreciate the snakes. They are as we know deadly but pretty. Rell from time to time You cross my mind with a sweet memory. Continue your flight and gather your wings for the ancestors and God truly love you best.

Rell I can't believe it will be two years and eight months on Saturday. You know Grandma Elizabeth is going to be gone for 21 years. You remember when we joke with you saying that when she got a good look at you she pass away. But any way I really miss you and I will always love you I know you use to think I didn't love and thought I liked John more then you your two are equal. I pray for you both every night. But enough of that can't believe it will be two years and eight months since I didn't argue with you or go with you to pick up your check. Oh yea and being happy but sad on my birthday weekend. Will you know, that I can be happy on my birthday but two days later have to be sad but I know you wouldn't want us to be sad you rather see us happy and having a cook outs. You know how you use to plane those cookouts . We don't know where the food was come from but we have the house to have it at.

Angel

I can't believe it's been two years and three months. I really misS you Rell. Just think this would had been your second year in college. You've going to Reynolds then going to Heartfield. You miss out on going to the club on your eighteenth b- day. Also having your son and nameing it The Rell Calhoun, and naming your daughter Momma Mia Mia X Calhoun. But I hope that would have been your kids nickname. Que and Kay is just like you. Que gives name like you, you know those crazy names. Kay is lovable you know how we can't stay mad at you. They both have Imagination like you. They have good memories of you and they always talk about their Uncle Rell Rell. John and I are the same as you can see. Kita. she the same. Moma is too, and Dad. The family is doing better now. But I know you was going to shine down on the family and give us better days.

KAYJON REMIND ME OF YOU. I NEVER KNOW WHAT HE MIGHT SAY. HE BRACKES MY INKPENS AND EARRINGS JUST LIKE YOU WOULD DO. TALK FAST LIKE YOU. OH YES THAT SMART MOUTH. (HAVE TO BE WRIGHT.) SOMETHINGS KAYJON DO OR SAY A SURE ME THAT GOD LOVE ME AND HE DON'T MAKE NO MISTAKES. IT ALL COME BACK AGAIN. THE TIMES WE SPENT TOGETHER ALL THE YARD SALES WE WENT TO. RELL I MISS YOU

Kita

There are three things that I remember the most:

1. When we went to the beach that day and you and Angel called me and told me that you were lost. I started putting on my clothes so that I could come and look for you two and when I started up the hill to my car, you both were walking towards me laughing.

2. I remember also when you came to stay with me in Chesapeake the day after I think Thanksgiving so that you could watch Que while I went to work. That night I thought you were joking when you told me I would have to sleep on the couch because you wanted to sleep in the bed. I can't believe you actually took my bed and put me on the couch.

3. I will always remember you waiting for me on the porch each and every time I came home. You would call me every 20 minute to see where I was. I remember telling you that I hadn't left yet and that I will be there in a hour. I would actually be around the corner and when I got to the house you would be on the porch with a big smile.

JOHN (DADDY)

I REMEMBER YOU AND I WORKING ON CAR .WHEN YOU AND I WENT TO THE JUNK YARD.AND YOU LOVE KEYS. RELL YOU COULD FIX ANY THING BUT YOU BROKE THEM SO YOU CAN FIX THEM .LOVE AND MISS YOU RELL.

CLAUDETTE

RELL ALL I HAVE IS MEMORIES.I REMEMBER WHEN YOU WAS BORN YOU WAS SOSO HANSOME.THICK HEAD OF HAIR NICE SKINE TONE .I REMEMBER YOU WAS SO EASY GOING.RELL YOU LOVE TO DRIVE AT THE AGE OF FOUR. I CAN GO ON FOREVER. ITS SAD TO SAY I NEVER THOUGHT OF YOU AS A YOUNG MAN UNTIL YOU WAS TAKING ME TO THE DOCTOR. AND YOU WAS TALKING BACK TO THE DOCTOR ASKING HIM QUESTION ABOUT ME.I WAS PROUD. MY BABBY BOY I MISS YOU LIKE CRAZY.

KAYJON

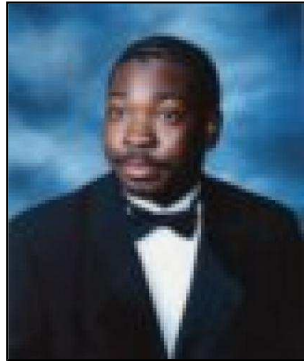

UNCLE RELL I REMEMBER WHEN YOU TOOK US TO THE PARK.WE HAD A LOT OF FUN.MISS YOU.

The background of the entire image is a soft, sepia-toned photograph of two roses. One rose is in the foreground, slightly to the right, and is more open, showing its petals. The other rose is behind it and to the left, appearing as a tighter bud. The overall tone is warm and nostalgic, with a grainy texture typical of old photographs.
